

# RTA Railway Tie Association

## WHAT DOES RTA PROVIDE OUR MEMBERS?

### Facts

RTA provides railroad tie facts, usage, research & development, and statistics on our website and in *Crossties* magazine.

### Standards

RTA publishes data relating to acceptable species, defects, processing standards, sizing, drying, and treatment types.

### Norms

RTA explains how the standards and specifications apply to end users of crossties

### Specifications

RTA publishes the current specifications for quality, dimensions, design, defects, and grade and industrial grade wood crossties.

### Education

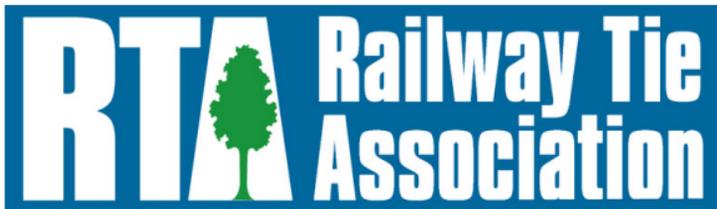

RTA offers opportunities for education in person & through the largest online library of research and development of the wood crosstie.

### Advocacy

RTA uses procurement, purchasing, and usage data in advocacy efforts to steer public policy and business decision making.

Keeping the Wood Tie Market Strong and Sustainable Since 1919
